

Dear Sir/Madam,

London Luton Airport Limited will be consulting, between 16 October and 16 December 2019, on proposals to expand London Luton Airport in terms of the number of passengers and flights it can handle.

To achieve this, we are proposing to make best use of the existing runway by building a new terminal, infrastructure, public transport facilities, and improvements to roads and highways. This will be classified as a Nationally Significant Infrastructure Project, and so will be decided by the National Planning Inspectorate and the Government, rather than by local planning authorities.

As part of this process, we must consult people and communities on our proposals. From October to December we will be holding 34 consultation events across the region, where people can ask the project team questions, and provide their feedback. Our consultation materials and feedback forms will also be available on our website (futureluton.llal.org.uk) and at 31 document inspection venues in libraries and council offices across the three counties region of Bedfordshire, Buckinghamshire and Hertfordshire.

In order to raise awareness about the consultation and to make sure as many people as possible use this opportunity to have their say on our proposals, we hope that you will be able to place the enclosed posters on your noticeboards or in a similar place.

Please feel free to contact the Future LuToN consultation team by telephone on 01582 548782 or by email on futureluton@llal.org.uk if you have any questions about the consultation, events, or how else we are notifying the public.

Yours faithfully,

Programme Director, London Luton Airport Limited

Future LuToN expansion consultation: Making best use of our runway

Have your say on the future of London Luton Airport. Our consultation is open from Wednesday 16 October, with deadline for comments at 11:59 pm on Monday 16 December 2019.

For further information on events or details of our proposals please visit futureluton.llal.org.uk

Expanding London Luton Airport will bring significant benefits that will be shared locally, regionally and nationally. We are committed to minimising and mitigating the impacts of expansion.

Our proposals for achieving airport growth will be displayed at a series of consultation events in your area. At the events you will have an opportunity to view plans, speak to members of the expert project team, and leave your feedback.

Future LuToN

Making best use of our runway
Public consultation invitation

16 October – 16 December 2019

Why grow?

London Luton Airport has been one of the UK's fastest growing airports over the last eight years. It is expected to reach the limits of its existing planning approval to handle 18 million passengers per annum (mppa) by the end of 2020.

Our proposal is to build a new second terminal to the north of the runway to allow the airport to expand.

This would enable us to increase the annual capacity of the airport over time by a further

14 million passengers, bringing it up to 32 mppa. This would help meet the significant projected shortfall in UK aviation capacity.

As we grow, we want to:

- Be a better neighbour to local communities
- Improve choice and the customer experience for our passengers
- Deliver greater opportunity to trade for local businesses
- Enable cost-effective growth for our airlines

Our consultation

We are consulting and asking for your feedback on our expansion plans to make best use of the runway at London Luton Airport.

We are London Luton Airport Ltd – the company that owns London Luton Airport.

Expanding London Luton Airport to handle up to 32 million passengers a year would bring significant benefits that would be shared locally, regionally and nationally.

We recognise that our proposals would bring impacts, for the environment and people who live and work nearby.

We are committed to minimising and mitigating these impacts and are setting out measures to tackle them, including for noise, climate change, air quality and transport.

Our consultation begins on Wednesday 16 October and ends at 11:59 pm on Monday 16 December.

Our proposed development for achieving phased airport growth to 2039 will be displayed at a series of consultation events in your area.

At the events you will have an opportunity to view the proposals, speak to members of the expert project team, and provide your feedback.

The full programme of events is shown overleaf.

All information being presented in support of this consultation can be found on our website at futureluton.lla.org.uk where you can also provide your feedback.

If you do not have access to a computer, please contact us to discuss other ways to view the documents. Contact details are included on the back of this newsletter.

Since our first consultation held in summer 2018, we have reviewed all of the feedback provided to help develop our proposals.

We are consulting again now to show you how our plans have developed, and to hear your views.

Ensuring everyone benefits

We are proud of the benefits that London Luton Airport already brings to Luton and nearby communities, including:

- Direct employment of 9,900 jobs at the airport
- Support for around 15,600 jobs across Bedfordshire, Buckinghamshire and Hertfordshire, and 27,500 nationally
- National economic contribution of £1.8bn, including £1.1bn into the three counties and £880m for Luton

- Our own Community Funding Programme, which has already provided more than £120m over the last ten years for local charities and voluntary organisations in Luton and beyond, for the benefit of communities most impacted by airport operations

Future benefits would include:

- An increase of 5,600 direct jobs at the airport by the time it is handling 32 mppa. By this time, London Luton Airport could be supporting around 24,600 jobs across Bedfordshire, Buckinghamshire and Hertfordshire, and 43,600 nationally
- An increase of £2bn in the airport's national economic contribution by 2039, including £1.3bn more within Luton and the three counties
- A new funding package worth up to £14m a year for local authorities representing neighbouring communities most affected by airport operations
- Support in Luton for the council's clear goal to tackle poverty and improve lives

Come to an event

Below are details of our consultation events. There is no need to register, you are welcome to drop in and join us at any point in the allocated time.

If you are unable to attend our events, you can also view our plans online and provide us with your feedback by visiting: futureluton.liaa.org.uk

A series of events will be taking place in various different areas, see below to find your nearest event:

| Date | Town/village | Venue address | Time |
|--------------|-------------------------|---|--------------|
| Fri 25 Oct | Luton | Maidenhall Primary School, Newark Road, LU4 8LD | 4pm – 8pm |
| Sat 26 Oct | Luton | Wigmore Church & Community Centre, Crawley Green Road, LU2 9TE | 11am – 5pm |
